Traditional Ball Jointed Rails

Bring authenticity to your bathroom or kitchen with these handsome ball jointed towel radiators. Embodying the perfect combination of function and aesthetics, our collection is designed to appeal to connoisseurs of excellence, heritage and to all who appreciate good quality. We have a wide range of styles and sizes and offer a first rate bespoke service. Pictured here are just some of our more popular models. Our ball jointed radiators are made of solid brass and coated with chrome, antique gold or nickel. The revo is made of steel and coated in chrome.
