- limited stock available - approximately 7 - 15 working days depending on size of radiator
- *these models are made of thicker steel and are therefore heavier than the standard matrix horizontal radiators
- made of steel
- distance from wall to front face: 62mm deep models = 73mm / 103mm deep models = 126mm / 133mm deep models = 144mm
- side valve connections so add 150mm in total to the width of the radiator to allow for valves (these are not pipe centres)
- approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- to complete the look see our valves page (valves are not included as standard)
- **nationwide delivery available – FREE OF CHARGE TO MOST UK MAINLAND ADDRESSES**
- to order or for further information, please call or email
- heat outputs are shown at operating temperatures of 90/70/20 (Δt60°C)
- all sales are subject to our standard terms and conditions a copy of which is available on request

the above prices are exclusive of VAT
