

feature radiators PETRUS

price list with effect from 1st February 2010

With an undulating surface in chrome, white or metallica (silver paint finish), Petrus adds a new dimension to stylish radiators. Show it to advantage in vertical spaces or under windows where the oval ends create a stunning visual effect.

central heating radiators:

- metallica: all sizes usually in stock in the UK / white (ral 9010) (non-stock): please allow around 6 weeks / chrome (non-stock): please allow around 8 weeks
- made of steel
- distance from wall to front face: 90mm
- side valve connections so please add 150mm in total to the width of the radiator to allow for valves (these are not pipe centres)
- approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- to complete the look see our valves page (valves are not included as standard)
- nationwide delivery available – usually £25 per consignment
- to order or for further information, please call or email
- heat outputs are shown at operating temperatures of 90/70/20 (Δt60°C)
- chrome finish reduced radiator output by 20%
- all sales are subject to our standard terms and conditions a copy of which can be downloaded from our website

the above prices are exclusive of VAT
