

feature radiators

SETSQUARE

price list with effect from 1st February 2010

Assertive and formal, this square tube version of the immensely popular Seta radiator encompasses the same technology, and is set to angle well in a traditional or modern interior.

central heating radiators - *low and wide*

model	height (mm)	width (mm)	output watts / btu		no. of tubes	white £	matt black £	metallica £

SQ 180-31	1820	310	1234	4208	5	642	677	756
SQ 180-44	1820	440	1728	5892	7	910	972	1080

- all sizes in white (ral 9010), matt black and metallica: usually in stock in the UK
- made of steel
- distance from wall to front face: 120mm
- side valve connections, so add an extra 150mm to the width of the radiator to allow for valves (these are not pipe centres)
- approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- to complete the look see our valves page (valves are not included as standard)
- nationwide delivery available – usually £25 per consignment
- to order or for further information, please call or email
- heat outputs are shown at operating temperatures of 90/70/20 ($\Delta t 60^{\circ}\text{C}$)
- all sales are subject to our standard terms and conditions a copy of which can be downloaded from our website

the above prices are exclusive of VAT
