The above models are also available without feet (height less 75mm) – by special order. Models with the code 4F indicates 4 columns per section and models with the code 6F indicates 6 columns per section. Side valve connections so add 150mm in total to the width of the radiator to allow for valves. (These are not pipe centres).

Many more sizes available by special order. No cost premium – please ask for details.

- White (RAL 9010), aluminium, anthracite and bare metal finish: models shown in bold are usually in stock in the UK / Non-stock sizes and finishes: please allow around 8 - 10 weeks. (Aluminium is a paint finish (RAL 9006) similar to that of a silver car.)
- The shade of anthracite changed at the beginning of 2008. Please tell us if you are trying to match with anthracite classics bought previously.
- *Bare metal is lacquered bare mild steel. Also available in iridescent finishes – please ask for more details
- Made of steel.
- Approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).
- To complete the look, see our valves page (valves are not included as standard).
- Nationwide delivery available – usually £25 per consignment.
- Heat outputs are shown at operating temperatures of 90/70/20 (Δt60°C).
- Electric and towel versions available.
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

The above prices are exclusive of VAT.
