CREST

Price list with effect from 22nd December 2011

Crest in white

Crest in anodised

High, mighty and refreshingly under priced, Crest is set to make waves in Radiatorland. New and exclusive to our collection. This highly efficient eco-friendly aluminium radiator has low water content, great heat output and rapid reaction time. Unfussy in appearance and finished to a high standard, the clean vertical lines and neat design of the Crest bring effortless style and quality to any room.

Available in classic white and stunning anodised finishes.

White finish – central heating radiator

Model	Height (mm)	Width (mm)	Number of tubes	Output		White £

Anodized finish - central heating radiator

Model	Height (mm)	Width (mm)	Number of tubes	Output		Anodized# £
				Watts	BTUs	
CREST 1800/03	1800	280	3	1133	3866	241
CREST 1800/04	1800	375	4	1510	5152	296
CREST 1800/05	1800	470	5	1888	6442	353

#Anodized finish is an attractive metallic silver satin finish.

- Made of aluminium.
- Distance wall to front face: 90mm or 110mm
- Approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator.
- Side valve connections, so you need to add an extra 150mm to the width of the radiator to allow for valves. These are not pipe centres.
- Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc.
- To complete the look, see our valves page (valves are not included as standard).
- Nationwide delivery available – usually £25 per consignment.
- Heat outputs are shown at operating temperatures of 90/70/20 ($\Delta t60^{\circ}\text{C}$).
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

The above prices are exclusive of VAT.
