POLAR 1800

Price list with effect from 21st December 2011

Simple contemporary styling is matched with impressive performance. This unobtrusive robust steel radiator brings timeless style and quality to any interior. After extensive research of comparable steel models within this price bracket, we believe the Polar offers the best value for money in terms of quality, heat output and design. And with underside valve connections and widths starting at just 222mm, the Polar is perfect to fill those previously unused spaces: behind doors, on pillars or in a narrow gap.

Central heating radiator

Model	Rows of panels	Number of panels per row	Height (mm)	Width (mm)	Depth (mm)	Output		White*	Colours#
						Watts	BTUs	£	£
POLAR 180-022	Double	3	1800	222	55	783	2672	391	489
POLAR 180-029	Double	4	1800	296	55	1044	3562	436	545
POLAR 180-037	Double	5	1800	370	55	1305	4453	507	634
POLAR 180-044	Double	6	1800	444	55	1566	5343	591	739

- All sizes shown in bold in white are usually in stock: approximately 7 – 10 working days. Colours (non-stock): approximately 4 – 6 weeks.
- *Standard white is RAL 9016.
- #Wide range of colours available, please ask for details / colour swatches.
- Made of steel.
- Distance wall to front face: 93mm
- Underside valve connections.
- Approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).
- To complete the look, see our valves page (valves are not included as standard).
- Nationwide delivery available – usually £25 per consignment.
- Heat outputs are shown at operating temperatures of 90/70/20 ($\Delta t60^{\circ}\text{C}$).
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

The above prices are exclusive of VAT.
