# feature radiators

- Sizes shown are usually in stock in the UK.
- Please call or email to find out stock levels.
- Horizontal models: side valve connections so you need to add an extra 150mm to the width of the radiator to allow for valves (these are not pipe centres). / Vertical models: underside valve connections.
- Distance from wall to front face: single: 72/92mm / double models: 93/113mm (brackets have 2 settings)
- Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).
- To complete the look, see our valves page (valves are not included as standard) - for manual valves, we recommend Minimus valves @ £25
- Nationwide delivery available – usually £25 per consignment.
- To order or for further information, please call or email.
- Heat outputs are shown at operating temperatures of 90/70/20 ( $\Delta t60^{\circ}\text{C}$ ).
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

***The above prices are exclusive of VAT.***
