- \*wide selection of RAL colours make up the standard colour range and are available at the prices listed above. for any other RAL colours, which are not in the standard colour range, then a surcharge applies. please ask for details
- all outline radiators are made to order, please allow around 6-8 weeks for delivery
- come round – limited stock available – please call to check stock
- please be aware, this radiator acts as a convector heater, and emits heat from the space at the top of the radiator between the wall and the rear of the radiator as opposed to the front panel. for this reason, the radiator has a low surface temperature
- 25mm gap from wall to rear of radiator on all outline models
- electric heating element is non-adjustable. Once connected, the radiator can be switched on or off and thermostatically controlled via a room thermostat. The heating element gradually reduces in power as the temperature rises above 60°C for safe operation. The power cable is located at the bottom right hand corner of the radiator but can be placed behind the radiator facade, so it is out of view (as pictured in the brochure). towel rails (see centre picture) not included as standard - £90 extra
- electric element comes with a 2 year manufacturer's warranty and radiator comes with a 5 year manufacturer's warranty
- distance wall to front face: shallow radiators (50mm deep) - 75mm (with towel rail - 125mm)  
deep radiators (95mm deep) - 120mm (with towel rail - 145mm)
- nationwide delivery available – usually £25 per consignment
- to order or for further information, please call or email
- shown here are a selection of the most popular sizes longer sizes can also be supplied
- also available in central heating version
- all sales are subject to our standard terms and conditions a copy of which can be downloaded from our website

***the above prices are exclusive of VAT***
