

# iRad Mirror Electric radiator

Pricelist with effect from 16<sup>th</sup> January 2012

**iRad Mirror is perfect for bathrooms** – an electric radiator with a mirror on the front not only heats the room, but it also helps create space and light in the 'smallest room in the house'.

**iRads working together as a centrally controlled heating system** - pick and mix from the iRad Templo, iRad Round, iRad Picture and standard iRad range to create the perfect heating system. One iRad Controller is needed for each heating zone.

**iRad as a stand-alone unit** – each radiator has a simple on/off switch. iRad Controller is not necessary to operate one iRad working alone, but may be desirable for greater control (thermostat and timer).

### **iRad Controller = £88 + VAT (1 controller per zone)**

iRad Controller links iRad radiators together to form a centrally controlled heating zone.

iRad Controller is wireless, easy to program, easy to re-program and simple to use.

iRad Controller operates like a gas central heating controller with:

- 7 day clock, up to 6 temperature settings per day.
- Frost protection.
- Keylock mode – to prevent tampering.
- Boost mode – Unexpectedly cold day? Just click boost to turn on the radiators for the next hour.
- Advance mode – Brings forward the next programme.
- Holiday mode – Turns the heater off subject to 'frost protection' mode.

- All iRad radiators are made to order, please allow approx 4 – 5 weeks.
- Silver finish case as standard. Other colours and finishes also available, please ask for details.
- Made of steel.
- 2 year manufacturer's warranty.
- Nationwide delivery – free delivery on orders of 5 radiators or more. For less than 5 radiators, please ask for delivery charges.
- All sales are subject to our standard terms and conditions, a copy of which is available on request or can be downloaded from our website.

**The above prices are exclusive of VAT.**
