feature radiators

Finishes

Primer: For on site painting or for delivery direct to your chosen painting company in the UK

Standard painted finishes: Traditional matt metallics - antique gold, light old penny, dark old penny, natural cast iron, anthracite, pewter – colour card available.

Wide range of semi-gloss RAL colours – colour card available

Bespoke colour match: We can colour match to any non-textured paint range (including Farrow and Ball, Aga, Rayburn, Little Greene Paint Co, Fired Earth, Paint Library and Dulux colours) for an additional charge.

Notes:

Cast iron radiators have a textured finish. For a smooth finish please see our Electric Classic and Electric Bordo ranges, which are made of steel.

Shade variations may occur from one paint batch to the next and over the years our standard for some colours has changed. Accordingly, where radiators are to be used in the same room and/or a colour match is important, it is advisable to order all radiators at the same time. If you are looking to colour match to radiators ordered previously, please make us aware of this at time of order so we can minimize shade variation.

Pewter, white, cream and other light coloured paint finishes will highlight the imperfections characteristic of cast iron more than the darker colours.

For radiators in primer, we strongly advise against powder coating as this process can weaken the seals between sections. Powder coating will invalidate the manufacturer's guarantee.

IMPORTANT INFORMATION

Electric element

- Comes with 1 year warranty.
- The electric element supplied is for DIY installation on site – full instructions provided. The element can be fitted on either side. It is supplied with 1m of white flex.
- Adjustable (operating range 20-70°C) thermostatically controlled element with frost protection setting, 240V on/off operation.
- Please note the electric elements and associated parts are supplied in white as standard. Other colours available – please ask for details.
- Please allow an extra 60mm width for the element control box.

- Lead times - Primer finish: allow approx 10 working days / Top coat finish: please allow approx 4-5 weeks.
- Delivery - nationwide - usually £25 per consignment.
- For the radiator - 10 year manufacturer's guarantee against manufacturing defects – maximum working pressure of 6 bar.
- Ready assembled - up to 15 sections can be delivered to site ready assembled. Further sections may be assembled on site for longer radiators – each section is 76mm wide , end bushes = 24mm.
- Fixings - radiators are supplied with the necessary fixings i.e. wall bracket, plugs, bushes, vents - note: screws are not supplied.
- *Also available as central heating radiator.*
- all sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

The above prices are exclusive of VAT.
