ELECTRIC EDWARDIAN 2

Effective from 26th June 2017.

660mm high in old bronze with satin gold element#

Simple classic styling with slow curving, tactile edges, the Electric Edwardian 2 brings authenticity to period properties and effortless style to contemporary interiors. Chunky and substantial in appearance, and finished to the highest standard, this Electric Edwardian 2 is as good as it gets.

Below are approximate measurements of assembled radiator sections (end bush to end bush); these are intended as a rough guide only.

ELECTRIC EDWARDIAN 2 - 450mm high (108mm deep)

Code	Height mm	Sections	Width mm	Depth mm	Electric element Wattage	Primer £	Top coat £
ED2/450/06/E	450	6	404	108	600	347	391
ED2/450/09/E	450	9	590	108	900	451	516
ED2/450/13/E	450	13	838	108	1200	589	684
ED2/450/16/E	450	16	1024	108	1500	693	809

ELECTRIC EDWARDIAN 2 - 660mm high (140mm deep)

Code	Height mm	Sections	Width mm	Depth mm	Electric element Wattage	Primer £	Top coat £
ED2/660/06/E	660	6	518	140	900	369	413
ED2/660/08/E	660	8	680	140	1200	445	504
ED2/660/10/E	660	10	842	140	1500	522	595
ED2/660/14/E	660	14	1166	140	2000	675	776

Finishes for EDWARDIAN 2 – see more important information on the last page

Primer - Grey zinc oxide.

Standard Paint Finishes (colour swatches available)

- Wide range of colours. Semi-gloss finish as standard. Please specify at time of order if you require matt or high gloss finish.
- Foundry Metallic Range – lead, anthracite, old bronze, old gold, pewter, copper and sovereign gold (all matt finishes).

Non-Standard Paint Finishes - bespoke matching service for all colours that do not fall within the Standard Paint Finishes. Please ask for a quote.

#Element finish – white as standard. A limited range of other finishes are available for a surcharge.

- Please be aware that the design and measurements of the Edwardian 2 radiator has changed slightly over the years. Please let us know if you are looking to match to radiators previously ordered.
- All Edwardian 2 radiators are made to order. Lead time: approximately 3 to 4 weeks.
- **SEE MORE IMPORTANT INFORMATION OVERLEAF.**

These prices are exclusive of VAT.

feature radiators

ELECTRIC CAST IRON RADIATORS

All our electric cast iron radiators are central heating models that are supplied with a DIY electric element kit for installation on site. We have included a selection of our most popular cast iron models in our Electric Collection, however we can also electrify further cast iron radiator models. See our Traditional range for the other models available and refer to our sales team for sizes and pricing information.

Delivery – delivery available to any address on the UK mainland.

Quality - Our radiator sections are joined together using seals that have been specifically sourced to ensure a neat finish between sections. This avoids the risk of paint issues that have been seen in cast iron radiators where standard seals are used.

Parts included - Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).

Floor-standing or wall-hung? – All electric cast iron radiators are supplied floor-standing, with integral feet, as standard.

Longer sizes - Listed below are the shortest length cast iron radiators needed to accommodate the relevant sized element. If you want longer radiators for aesthetic reasons then these can be made up. Please ask for prices.

Electric elements for cast iron radiators

- Supplied as a DIY electric element kit for installation on site.
- The electric element has 1m of white flex and is for DIY installation on site – full instructions provided.
- Adjustable (operating range 20-70°C) element with frost protection setting, 240V on/off operation.
- Elements are supplied in white as standard. A limited range of other finishes are available on request for a surcharge of £20 excluding VAT.
- Please allow an extra 60mm width for the element control box.
- Upgrade any electric cast iron radiators using our iBox system to ensure the ultimate in control, minimizing energy wastage. Wirelessly link electric radiators to create a complete, centrally controlled heating system using our in-house controller or use our smart system to control electric radiators remotely via you PC, tablet or smartphone. Please ask for more information on controlling electric radiators.

Cast iron radiator finishes

Texture of finish - Cast iron radiators have a rough/textured finish; this is a characteristic of cast iron. If you are looking for a perfectly smooth finish on a column radiator, we instead recommend going for a steel radiator such as the Classic, Bordo, Vault, Colori, Creamery and Core radiators.

Primer finishes – Primer finish is a base coat. The primer finish is not intended as a finished surface therefore an appropriate undercoat and top coats (wet paints, NOT powder coats) would need to be applied. We can deliver radiators in this finish to site or to your nominated painting company.

Powder coating – DO NOT powder coat cast iron radiators; this process can weaken the seals between sections which will lead to leaks. Powder coating will invalidate the manufacturer's guarantee.

Light colour options - Please be aware that pewter, white, cream and other light coloured paint finishes highlight the imperfections characteristic of cast iron more than the darker colours.

Hand-painted finishes – Burnished, antiqued and highlighted finishes available on the ornate cast iron radiators are all done by hand. Therefore variation will occur from one radiator to the next.

Shade variations – These may occur from one paint batch to the next, particularly in respect of the matt metallic finishes. Where it is imperative that radiators exactly colour match, then such radiators should be ordered together. If you are looking to match the colour of radiators ordered previously, please disclose this at the time of order, so we can do what we can to minimize the variation in shade.

Cancellations – All cast iron radiators are assembled and painted to order. This means, once manufacture has commenced, orders cannot be cancelled.

All sales are subject to our standard terms and conditions; a copy can be downloaded from our website or is available on request.
