ELECTRIC PRESS

Price list with effect from 6th September 2017.

Hot off the Press! The latest addition to Feature Radiators' electric range, Press brings heat and attitude with effortless cool. Sectional in nature yet of pressed steel construction, Press is a nod to both bygone and contemporary eras. And the edgy bare metal finish brings a stylish touch to any interior.

Listed below are the shortest length radiators needed to accommodate the relevant sized element. If you wish to have longer radiators for aesthetic reasons then these can be made up. Please ask for prices. Electric elements are finished in anthracite as standard. Electric elements come as a separate item for DIY installation. Please ask for more details.

Upgrade any of our electric radiators including the Electric Press to ensure the ultimate in control, minimising energy wastage. Wirelessly link electric radiators to create a complete, centrally controlled heating system using our in-house controller or use our smart system to control electric radiators remotely via you PC, tablet or smartphone. Please ask for more information on controlling electric radiators.

All Electric – 110mm deep model

Model	Height (mm)	Width (mm)	Output Watts	Lacquered bare metal £
V50/600-110-8/E	600	428	600	511

V50/1000-110-11/E	1000	578	1200	625
V50/1000-110-14/E	1000	728	1500	686
V50/1000-110-19/E	1000	978	2000	787

Many more sizes are available – please contact us for more information.

Electric element

- Comes with 1 year manufacturer's warranty
- The electric element has 1m of white flex and is for DIY installation on site – full instructions provided.
- Adjustable (operating range 20-70°C) element with frost protection setting, 240V on/off operation.
- Supplied with an anthracite element control box. (The colour of the element does not match the radiator exactly but is the closest colour available).
- Please allow an extra 60mm width for the element control box.
- This element is suitable for use with our iBox product, which adds more functions including time and temperature controls and wireless linking to other electric radiators using a central controller. See the Electric page of our website for more information.

More information is provided overleaf.

feature radiators

- All Press radiators are made to order, please allow approximately 5 to 6 weeks.
- Lacquered bare metal is a transparent coating that is applied to the bare mild steel finish (code 9990). It will expose the manufacturing marks that occur in production of the radiator such as welds and rivets.
- Made of steel.
- Distance wall to front face: 135mm.
- Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).
- UK mainland delivery available.
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

The above prices are exclusive of VAT.
