sections	length (mm)
3	225
4	270
5	330
6	385
7	440
8	495
9	555
10	600
11	660
12	705
13	760
14	805
15	860

output		primer	top coat
watts	btus	£	£
420	1433	200	216
560	1910	260	281
700	2388	320	347
840	2866	380	412
980	3343	440	477
1120	3821	500	543
1260	4299	560	608
1400	4776	620	673
1540	5254	680	739
1680	5732	740	804
1820	6210	800	869
1960	6688	860	935
2100	7165	920	1000

Finishes

- Available in *matt metallic finishes* (antique gold, old penny, natural cast iron, anthracite black, pewter). Colour card available on request. Shade variations may occur from one paint batch to the next. Where it is imperative that radiators exactly colour match, then such radiators should be ordered together. If you are looking to match the colour of radiators ordered previously, please disclose this at the time of order, so we can do what we can to minimize the variation in shade.
- Warning: please be aware that pewter and other light coloured paint finishes highlight the imperfections characteristic of cast iron more than the darker colours.
- Primer finish available for on site painting or we can deliver direct to your own painter in the UK. We strongly advise against powder coating this product as this process can weaken the seals between sections. Powder coating will invalidate the manufacturer's guarantee.
- These radiators have a textured finish which is characteristic of cast iron. If you are looking for a column style radiator with a smooth finish please see our Classic and Bordo ranges, which are made of steel.

- Approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. These measurements are intended as a rough guide only
- Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- To complete the look see our valves page for traditional style valves (valves are not included as standard)
- Nationwide delivery available – usually £25 per consignment
- To order or for further information, please call or email
- Heat outputs are shown at operating temperatures of 90/70/20 ($\Delta t60^{\circ}\text{C}$)
- All sales are subject to our standard terms and conditions a copy of which is available on request

These prices are exclusive of VAT
