- Available in left and right-handed versions. Left hand or L models have connection points on the left with "fingers" pointing to the right. Right hand or R models have connections points on the right with "fingers" pointing to the left.
- Central heating models in white (RAL 9016), aluminium finish & chrome: all sizes usually in stock in the UK / other colours and any electric radiators (non-stock): please allow around 6 to 8 weeks.
- Distance from wall to front face: 95mm
- Electric heaters add 140mm to height of radiator (included in height measurement shown above).
- Electric radiator includes an integral adjustable thermostat.
- Thermostat elements only available in white, aluminium and chrome (colour radiators supplied with chrome thermostat).
- Approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. Radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied).
- To complete the look (for central heating radiators), see valves page (valves are not included as standard).
- Nationwide delivery available - usually £25 per consignment.
- To order or for further information, please call or email.
- Heat outputs are shown (for central heating radiators) at operating temperatures of 90/70/20 (Δt60°C).
- All sales are subject to our standard terms and conditions, a copy of which can be downloaded from our website.

**The above prices are exclusive of VAT.**
